Message from the Manager

Dear Members –

We have been busy with all May club events like the glade tasting, graduation events and Mother’s Day brunch. They were all fun and well attended.

I am getting ready for my annual Indian dinner and all the wedding events over the summer. I want to wish you all safe and happy travels.

We do have some summer specials planned for the Kerr and the bar, so if you are home please come and join us at the club.

Please feel free to contact me if you need any assistance with club business or if you have a new event idea.

Warm regards,

Felix Solomon, General Manager

The Kerr Dining Room

Normal hours and service continue through the summer for breakfast and lunch. Except for our Prime Rib Dinner Specials and the Steak & Paella Specials, the Kerr Dining Room will be closed for dinner during the month of June. We will, however, offer a limited dinner menu in the Bar, Monday through Friday. We’ll also be offering popular and new summer-time specials, which are detailed in this newsletter.

The Faculty Club is an ideal setting for both private and professional events.

We host and cater a wide array of events such as small private luncheons, conferences, meetings, weddings and receptions. Call (510) 643-0834 or email events@berkeleyfacultyclub.com.

Faculty Club

Art Show for June:

Prof. Andrew (Andy) Streitwieser

Prof. Andrew (Andy) Streitwieser (Professor Emeritus Chemistry) has been on the UC Berkeley faculty for 65 years and still mentors undergraduate research students. He has been interested in photography since childhood, but his passion took off after purchasing his first Nikon camera in Japan in 1971. He honed his craft during many years as a member of the Berkeley Camera Club, where for two years he also served as president.

Streitwieser is drawn to outdoor color shots, often catching a moment that is a happy surprise (*Lava Falls Rapids; Redhead*), sometimes manipulating shots (*The Watchful Eye*), and sometimes composing them (*Steuben Owl*). He travels near and far seeking out a good image, from the Carnival Parade in San Francisco (*Ready for Carnival*) to solar eclipses around the world.

The original photographs were mostly taken with Kodachrome slide film in the pre-digital era (before 2000) and copied with Kodak duplicating film. This analog approach has since been replaced by scanning the slides to create digital files that are then manipulated with computer photo programs. and ink, gouache, and oil paint.
